AC/85D

SUBJECT: Project ZRDAMSEL - Student Panomarenko

1. Student Panomarenko has been carefully examined and questioned by the Medical Department and the opinions of the Medical Office are summarized herein.

2. The patient is suffering from heart disease that is apparently progressive. His present condition would exclude any form of more than sedentary physical activity. His life span is completely unpredictable, in that he may live fifteen years or only a day.

8. In the patients present physical condition, he would not be employable by the agency without specific waiver.
